

Pricing schedule

Optimisation services

Practitioner appointments

Initial (Kickstart)	60 mins	\$348
Follow-up appointment	45 mins	\$298
Follow-up appointment - extended	90 mins	\$596

Coaching appointments

Coaching session	30 mins	\$98
3-month coaching package	3 months	\$980

Concierge

A complimentary onboarding service for all health optimisation patients who proceed to work with us after their kickstart session.

Functional test kits

Functional tests typically range from \$300-\$1,000 each. Your practitioner will talk you through appropriate testing options, and pricing in your kickstart session.

Test interpretation

Please note that tests will require appointments for interpretation. Your concierge will advise the recommended appointment duration required based on your testing.

Healthcare services

For those with health issues that require detective work, incorporating uncapped time and support of a practitioner and a health coach to feel better again.

6 month program

Australian based	6 months	\$6,800
International	7 months	\$7,800

Functional test kits

Functional tests typically range from \$300-1000 each. Your practitioner will talk you through appropriate testing options, and pricing in your kickstart session.
